

5 Tips

For an Engaging Home-Based Learning

TAKE CHARGE OF YOUR LEARNING

01

CHART YOUR SCHEDULE

Create a schedule for the day based on your timetabled time. It will give you a clear idea of the topics and materials need to CHAMPS the day.

02

MASTER THE BASICS

Though you need not physically present in school, you should still wake up at 7.30/8.30 am and have your breakfast to start your learning routine.

03

CHART YOUR LEARNING

Your teachers have uploaded the lessons instruction in the google folder. Make sure you complete the task and check it off your list before you start your SIL.

04

CULTIVATE POSITIVE HABITS

Create a conducive environment for learning. Put away other digital gadgets, such as phone, will help you stay focus and organised.

05

COLLABORATE EFFECTIVELY

Work effectively as you are in your various SLS groups or Google classroom, do note the online ethics that you need to observe when working online. If you have your lessons through zoom, do be present on time, for learning
